

# GRASSLAND: GETTING MORE FOR LESS

Thursday 27<sup>th</sup> May 2010

From 10:30 to 15:00

## Henfaes Farm, Abergwyngregyn, LL33 OLB

The **Grassland Development Centre** will be leading a day on managing grassland with low inputs with an opportunity to see a slurry injection demonstration and a number of experiments in the field, including:

- Minimum tillage
- High sugar grass varieties
- Bio-char
- Using anaerobic digestion digestate as fertiliser

This course is **free** and includes refreshments, although booking is essential - please contact Alison Evans on 01248 383689 to book your place as spaces are limited
